

Hello everyone!

In September, I traveled down to Wanaka and took images of the beautiful rural landscapes. I also had the opportunity of meeting four professional and locally known photographers - Martin Hill, Christopher David Thompson, Eric Schusser and AnneMarie Hope-Cross, and got to see how they operate as working artists.

This was all done through Gateway - part of my Gateway course has allowed me to open my own solo art exhibition!

The name of the exhibition is Journey - to show the ending of an era forming into new beginnings

It's going to be up for the first week of November with launching night on Wednesday 2nd November at XCHC cafe. It's a very warm and welcoming environment (they make really good hot chocolates!)

(Note : My works are featured on their walls throughout the whole week. - day time cafe is open from 7:30am-3:00pm)

You are all invited - please come and see my exhibition
Would love to see you guys there!

More details down below! :)
-Petra.
