

# **Investing in the Early Years = WELL-BEING FOR LIFE**

**Christchurch community meeting  
Thursday 21 March @ 6.30pm**

**Papanui High School Hall, 30 Langdons Road, Chch**

## **Keynote: Professor Richie Poulton**

Richie Poulton will discuss the world-leading longitudinal Dunedin Multidisciplinary Health and Development Study. This research includes early childhood predictors for lifelong outcomes in education, health and welfare. Research findings emphasise the importance of a child's early years in laying the foundation for their well-being throughout life.

## **Also local ECE & MP speakers**

**Everyone welcome, families, educators, community**  
*Lobby for well-being - help restore ECE funding and improve ECE ratios!*
