

Community Pekapeka Out and About

Now that we're back in the CBD we're looking forward to having many opportunities to learn in the city.

For our first community out and about from the new school, we walked to Margaret Mahy playground to splash, slide, spin, dig, climb, balance, jump, fly...

We also fed the eels off the jetty and discovered how close we are now to this amazing place.

How cool to be able to walk from school.

We'll be heading back soon for a wheels day at the pump track next door
